01 / YOUR CLUB NUMBERS

Record carry distance and averages from the same set of representative shots.
Once complete, please e-mail to frontdesk@virtualgc.ca for a personalized analysis.
Keep the ball and settings consistent. Units: distance / height yd or m | ball speed mph

CLUB / LOFT	CARRY DISTANCE	GAP*	AVG. BALL SPEED	PEAK HEIGHT	LAND ANGLE (°)	NOTES / STRIKE PATTERN

*Gap = carry difference from the previous club. List clubs longest to shortest. Land angle = descent angle.

02 / WHAT NEEDS A CLOSER LOOK?

- ☐ Overlapping distances
- ☐ Large distance gaps
- ☐ Inconsistent strike / speed
- ☐ Flight too low / high
- ☐ Limited stopping power
- ☐ Grip fit, wear or club damage

Review patterns against your speed and goals; these numbers flag concerns, not the cause.
